Bachelor of Engineering
PES College Of Engineering,
Mandya 571401

Career Objective

Computer Science and Engineering student with strong knowledge of Java ,AI Fundamentals Data Structures & Algorithms, DevOps fundamentals ,Full-Stack Web Development (React.js, Node.js, Express.js, MongoDB). Passionate about building scalable software solutions and seeking a Software Developer Internship or Entry-Level Software Engineer role to contribute to impactful projects while continuously improving technical skills.

Education

- Diploma Education In Mechanical Engineering — 2021-2024
  Government Polytechnic Turuvekere ,Tumkur,Karnataka
  CGPA: 8.32/10
- **Bachelor of Engineering in Computer Science and Engineering** — *2024-2027*
  PES College of Engineering, Mandya,Karnataka
  CGPA: 6.95/10

Technical SKILLS and Interests

Languages: Java , C , Python.
Tools and framework: VSCode,Git,GitHub,Postman,React.js,SpringBoot,Node.js.
Areas of Interest: Artificial Intelligence ,DevOps, Software Engineer, System Design , software Development, Cloud (AWS).
Cloud/Databases: MongoDB, Relational Database(MYSQL)
Relevant Coursework: Data Structures & Algorithms, AI Fundamentals, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.
Soft Skills: Problem Solving, Self-learning, self motivated, quick learner, Presentation, Adaptability.

PERSONAL PROJECTS

· Office Automation System

A full-stack web application developed as a team project to automate office administration processes

- Designed and developed modules for employee records, attendance, leave requests, and department management.
- Built RESTful APIs and integrated MongoDB for efficient data storage and retrieval.
- Implemented secure JWT-based authentication and role-based authorization.
- Technology Used: React.js, Node.js, Express.js, MongoDB, HTML, CSS, JavaScript, JWT.

· Smart Employee Management System

A full-stack web application developed to streamline employee management and office administration.

- Developed modules for employee registration, department management, attendance tracking, and leave management.
- Implemented secure JWT-based authentication with role-based access control for Admin and Employees.
- Built RESTful APIs for efficient CRUD operations and integrated MongoDB for data storage and retrieval.

INTERNSHIP EXPERIENCE - Intern – Electrical Department | TRMN (MNC)

5 Months | Bangalore-karnataka

- Gained hands-on experience in the manufacturing of electrical components for automobiles and supported day-to-day departmental activities.
- Collaborated with engineers, Team Leader , supervisors, and team members, developing strong communication and teamwork skills in an MNC work environment.
- Took responsibility for assigned tasks while following established processes and quality standards, strengthening problem-solving, adaptability, and professional work skills.

Achievements

- Solved 150+ Data Structures and Algorithms (DSA) problems across LeetCode, GeeksforGeeks, and Hacker Rank.
- Actively participated in CodeChef programming contests to improve competitive programming and problem-solving skills.
- **Certificates-** operating System And Computer Networks, Artificial Intelligence From Coursera
